

## COMMUNITY CONSULTATIVE COMMITTEE MEMBERS

The Spur Hill Underground Coal Exploration Project Community Consultative Committee (CCC) has been established by the Minister for Resources and Energy.

The purpose of the CCC is to provide a forum for open discussion between the company and stakeholder representatives, on behalf of the local community during the exploration phase of the proposal. The CCC provides a valuable conduit in identifying concerns and interests and facilitating frank communication between all parties.

Each member of the committee plays an integral role.

### REPRESENTATIVES

The contact details of the representatives are:

Representative	Association	Preferred Contact Details
